To whom it may concern,

I am very happy to write this letter of recommendation for The Uncommon Thread (TUT). Since 2017, our district has been able to count on TUT for a variety of services. TUT focuses on recruiting quality candidates that meet the specific needs of the district. The candidates have consistently come in with the skill set needed to provide various student services, including, consultation, functional behavioral assessments, behavior plans and staff training.

We initially utilized TUT to provide an intensive 3 month training for new ABA staff. Later, TUT was able to provide BCBA and Behaviorist services for us district wide. As our program grew and we acquired more district staff, we continued to rely on TUT to supplement our full-time BCBA staff. Additionally, TUT has provided Instructional Aides with Registered Behavior Technician (RBT) training for students as needed. Throughout this time, the TUT leadership has provided shared oversight through school visits and ongoing requests for district feedback.

We are grateful for the longstanding partnership and highly recommend TUT for school-based ABA services.
